Important

ORDERS — Please be sure to give complete pattern numbers and finish required on your order.

INQUIRIES — In sending us your inquiries please mention the quantities and finish desired, so that an accurate quotation can be made.

FINISHES — The trimmings illustrated herein can be supplied in any of the standard finishes as well as special finishes in BRASS, BRONZE, COPPER, SILVER, GOLD, CHROME and NICKEL, which make possible many combinations suitable for unusual requirements.

Plastic parts may be obtained in a large variety of colors and in crystal clear. We will be glad to furnish samples.

Exclusive Designs

In presenting Modern Catalogue No. 53 we have included certain numbers that are being produced on an exclusive basis at the present time.

Exclusive designs are constantly being released for general sale, however, and because of the fact that any presentation of our extensive modern line would be incomplete if these designs were omitted we have included them herewith.

We will continue to give our customers every protection on exclusive designs and place the largest design, engineering, tooling and manufacturing facilities in the industry at their service.

We manufacture a very extensive line of traditional **Period** furniture hardware in addition to the **Modern** patterns herein illustrated.

WRITE FOR PRICES

CROSS RECESS SCREWS

For several years there has been a growing demand for our CROSS RECESS SCREWS, and this will undoubtedly increase as our customers discover new ways to save money and time by using them.

Among other advantages, they eliminate slipping, even when driven with the latest and fastest electric screw drivers. They avoid damaged work, increase production speed, and make a neater job.

See next page for CROSS RECESS BITS

WRITE FOR PRICES

o o o o o o o o o o o o o o o

For all of our brass screws we use HIGH TEMPER WIRE, which has an exceptionally high tensile strength. In other words, our brass screws are stronger than most Herculoy, Everdur, and steel screws. They cannot be equalled for fine workmanship.
